

## FINE FINANCIERING.

City Council Committee on Finance  
Fixes Appropriations.

## SOME CLOSE FIGURING NECESSARY.

The Appropriations Only Exceed the  
Estimated Revenues by \$4,000—The  
Island Gets the Chemical Appa-  
ratus—Cannot Have a New Crema-  
tory—The Work Not Completed.

The city council committee on finance held a well attended meeting in City Clerk Thoner's office last night, for the purpose of continuing the work of making the appropriations for the city government for the present year. Those present were: Chairman Maxwell, Gruse, Otto, Brock, Richards, Weidenschmidt, Grimm. The only absentee was Mr. Wheat.

The chairman stated that at the meeting held last Thursday, the appropriations had been fixed for all the departments excepting markets, fire department and health. The first to be now taken up, said the chair, would be markets. This committee asks for \$1,175, which includes for repairs \$4,100, on both the market houses. Last year the markets department got \$2,197.82. At the other meeting of the finance committee it was decided, taking into consideration the condition of the city's finances, that it would not be possible to allow the markets department all it asks for repairs, and that only an appropriation for a roof for the upper market would be passed. At that time Chairman Kreiter of the markets committee was instructed to secure bids for this roof.

Chairman Maxwell opened up the bids which were received from three contractors, J. A. Holliday & Son, Beltz & Flading and Wilson & Chapman. They are for various grades of shingle roofing. One of the bidders agreed to take the contract and wait until next year for payment. The committee decided not to make any contract, or make an appropriation, until the other bidders could be communicated with as to whether they would make the same concession as the third one. The appropriation for markets excepting for the item of a roof for the upper market, was then taken up, and the appropriation fixed at \$1,935.

## THE FIRE DEPARTMENT.

The next department to be considered was fire. The committee on fire department had made an estimate of the estimated amount necessary for the present year, at \$38,731.92. Of this amount \$23,320 is for salaries, a considerable increase over last year, which is explained by the fact that there are thirteen more regular firemen this year than there were last. Another item is \$2,000 for repairs on the various engine houses; for ladders, \$300; and \$2,000 for a chemical apparatus for the island. The latter appropriation was advocated strongly by Chairman Maxwell, who contended that it came under the head of necessities. Mr. Gruse took a different stand, claiming that the island had got along without the apparatus for a number of years, and surely can get along without it this year. Quite a conflict of words ensued between the two gentlemen, and Councilman F. M. Milligan, not a member of the committee who was present, joined in, saying that the present apparatus is a disgrace to the city, and that something should be done for the seventh ward. After some discussion the island apparatus was not allowed and the appropriation for the department placed at \$34,000.90.

## THE PUBLIC HEALTH.

The department of health this year asks for \$13,000; last year it got \$8,885.58. One of the items in the estimate for the present year is \$3,000 for a new crematory. The committee soon decided that this improvement, though perhaps needed badly, could not be allowed, and the appropriation was placed at \$9,430, which includes \$1,300 for repairs on the crematory, which have already been made. It was here discovered that the appropriations made at the two meetings had run over the estimated general fund \$2,602.82. It was the sentiment of the members that the general fund would go somewhat over the amount estimated by the city clerk, and after considerable discussion it was decided to allow \$500 for the first payment for a chemical apparatus for the island, the balance to be paid next year. Chairman Maxwell was confident that such an arrangement could be easily made with the manufacturers of the apparatus. This makes the total appropriation for fire department \$34,500.90.

## THE APPROPRIATIONS.

GENERAL REVENUES, ESTIMATED.....	\$107,315.33
GENERAL APPROPRIATIONS.....	
Salaries.....	\$ 7,000.00
Loan 187.....	12,650.00
Loan 188.....	14,000.00
Loan 189.....	13,500.00
Collection of taxes.....	3,500.00

Fire.....	34,500.90
Health.....	9,430.45
.....	\$170,215.35
Deficit.....	\$ 3,002.82

This deficit, it is expected, will be made up on the fifty cent levy, which has been estimated by Clerk Thoner at \$113,010.45. Several members were of the opinion that the estimate is too low. The committee adjourned until next Wednesday evening, when the upper market house roof matter will be disposed of. This will require between \$1,000 and \$2,000 more.

## A NARROW ESCAPE.

From a Serious Accident Yesterday—A Small Fire.

Yesterday afternoon about 4 o'clock an alarm of fire was rung in from box 84, caused by a slight blaze in a board pile on east Nineteenth street, the property of Belts, Flading & Co. A child started it with a match. It was put out quickly, without damage.

In dashing to the fire, the chemical engine found an Elm Grove train across East street. Both were going too fast to stop. Driver Brock Kline, with his usual skill and presence of mind, turned up sixteenth street. The rear wheels slid, and striking a car, broke a window and ripped the panels out of the side. A man was thrown from his seat in the car, but not hurt. The bolt holding the engine's hind axle was broken. But for Kline's timely turn the team and everybody on the engine must have been killed and the engine totally demolished, while the car and passengers would probably have suffered the same fate.

## LOCAL BREVITIES.

Matters of Minor Moment in and about the City.

LAWN mowers are now brought out of their winter's retirement.

ALTENHEIM anniversary entertainment this afternoon and evening.

THE State Fair grounds were yesterday rented to Local Union No. 9 of flint glassworkers for a picnic on June 8.

JERRY DAY was drunk on Main street yesterday, and was annoying merchants there, when Officer Carney came along and locked him up.

HENRY THOUTWINE has been appointed to the place at the water works power house vacated recently by James Burns, and John Ruit to the place formerly held by H. Tooney.

SUSANNAH BOPP yesterday qualified as executor of the will of Simon Bopp, deceased, and gave bond in the sum of \$2,000, without surety, none being required by the terms of the will.

JOHN WISE was locked up late last night by Officer West for drunkenness. William Miller, a disorderly, was run in about the same time by Herbert, and John Long, drunk, a little later, by the same officer.

YESTERDAY the chief of police was informed that a wall of Anne Koim's house, on Twenty-first street, was bulging out in a dangerous way, and was likely to fall. He called the attention of the proper authorities to the case.

PUFF RILEY, a drunk, by West, Noah Curtis and Lizzie Harden, for fighting in Alley Fifteen, by Buch, and Sam Hurrie, for wife beating, by Trischler, were on the docket last evening for this morning's police court.

A NEW crossing for the street railway was put in at Ford's crossing on the South Side yesterday afternoon by the Baltimore & Ohio section gang. This has been the roughest crossing on the electric line, and the new one will be hailed with delight by the patrons of the road.

YESTERDAY morning, Thomas Connors, employed at the lower Benwood steel works, stumbled and fell against a rail and cut his jaw badly. Later, Thomas O'Brien, another employee, caught his hand in a machine, and it was crushed badly. Dr. Haskins amputated a finger.

THE entertainment given by Ritchie Council No. 22, J. O. U. A. M., at the Opera House last evening was very poorly attended, and the performance was even worse, owing to the fact that a large number of the principals left the committee in the lurch at the last minute. The ones who were left endeavored to fill out the programme to the best of their ability.

## ABOUT PEOPLE.

Captain Asa Booth stopped in the city yesterday on his way from Pittsburgh to Parkersburg, where he will take charge of the steamer Sunshine, which will enter the excursion trade between Cincinnati and Coney Island, a summer resort below. He expects to start about May 15, and divide his time as pilot and captain of the boat. The captain claims the reports about the late notorious excursion on the Andes were exaggerated and did the owners a great deal of harm. They are now running some very nice excursions of the best class of people, and expect to regain the Andes' good name before the season is over.

## THE SALOON KEEPERS

And Bar Tenders are Still Eligible  
as Foresters in Ohio.

## EFFORT MADE TO RULE THEM OUT

But Fails by a Tie Vote—The Closing Sessions of the Grand Court at Martin's Ferry Yesterday—The Order in Good Condition—Officers Elected Yesterday—Banquet last Night.

Yesterday was the second and last day of fourth annual convention of the Ohio Foresters, and much business was transacted. Three sessions were held, morning, afternoon and evening.

After discussing for two hours the question of compelling the subordinate courts to join the funeral fund, it was decided to leave the matter as it was; that is, it is optional with the different courts in the state to join the fund, which pays \$100 on the death of members, and \$50 on the death of their wives.

The resolution of E. R. Southerd, delegate from Ideal court, No. 7775, of Toledo, to exclude saloon keepers and bar tenders from the order, brought forth a long discussion and was lost. When a ballot was taken the vote was a tie, forty-four delegates voting for the proposition and forty-four against it. This settled the question, as a two-thirds vote is necessary to carry.

The report of the auditing committee showed a balance of \$1,826.24 on hand April 29, 1893, after all obligations were paid, as follows: Funeral fund, \$51.20; management fund, \$1,242.87; benevolent fund, \$532.67. The per capita for the funeral fund was increased from 35 to 40 cents and the management fund from 8 to 10 cents, and not dollars, as stated yesterday.

The reports of all the committees were received and accepted. The one on mileage and per diem was the most important. The report showed that the expense of the convention was \$105.97.

The following officers were elected: William C. Abbie, Toledo, grand chief ranger; Owen Bowen, Bridgeport, grand sub-chief ranger; John Farrell, Martin's Ferry, grand secretary; Nate Keplinger, Akron, recording secretary; William E. Thomas, Martin's Ferry, grand treasurer; William McConnell, Steubenville, grand senior woodward; P. H. Whalen, Cleveland, grand junior woodward; George Whitehouse, Cleveland, grand senior beadle; V. J. Norton, Youngstown, grand junior beadle; J. A. Finney, Ravenna, E. J. Woodford, Niles, Robert Kemp, Cleveland, trustees.

The following supreme representatives were chosen: E. B. Southerd, Toledo; M. S. Clark, Youngstown; D. J. Woodford, Niles; William McKay, Cleveland; Louis D. Lord, Cleveland. Alternates: R. J. Kemp, Cleveland; F. C. Rod, Toledo; George Whitehouse, Cleveland; Arthur J. West, Cleveland; E. C. Babcock, Toledo.

There were two contestants for the next meeting, Cleveland and Akron. The former won.

At the night session the newly elected officers were installed and other business transacted, among which were the usual votes of thanks.

The convention was followed by a banquet at the Bayless house. This was given by the Martin's Ferry Foresters in honor of the grand court, and was a most pleasant termination of the meeting. There were covers for 125 and about this number enjoyed the affair, the party consisting of the delegates, their wives, the committee, eight in number, and their wives, and newspaper men, making a jolly assemblage.

The dining room was beautifully decorated and a large corps of waiters looked after the tables. The banquet was probably the largest and finest ever given in Martin's Ferry, and was thoroughly enjoyed by everybody present. It reflected great credit on the committee in charge and the Bayless house.

Dr. W. B. Shuttleworth was master of ceremonies. The address of welcome was delivered by Mayor A. W. Harris in a pleasing manner, and Dr. M. S. Clark, of Youngstown, responded happily. Mr. David Lowell responded to the toast, "Our Visiting Brothers" in a neat speech, and Superintendent J. E. Mannix had for his toast "City of Martin's Ferry," to which he did credit. Short and impromptu addresses were made by the visiting Foresters.

## 4 Bottles of Hood's—Perfect Cure.

"I am not only willing, but anxious to recommend Hood's Sarsaparilla. I was taken with severe pain and stiffness in my limbs; at times being hardly able to walk. I consulted a physician, who pronounced my trouble sciatic rheumatism. Notwithstanding I took medicine, I became worse instead of better. I had read much of Hood's Sarsaparilla's wonderful cures and I concluded to give it a fair trial. When I was taking the first bottle I could feel a change for the better; my appetite increased and my limbs became less stiff. I have now taken four bottles and am happy to say I can work as well as ever I could before. I recommend Hood's Sarsaparilla to my friends."
